Dear Chris:

I'm writing to thank you for the excellent work your company did in connection with translating the design requirements of the Disney Headquarters project into 3-dimensional reality. It is obvious that you thoroughly researched all of the requirements of Michael Graves Architects and Gruen Associates and then closely monitored the many changes that have resulted in course of this project.

I know that the Walt Disney Company was well served by your participation in this project and would welcome the opportunity of working with you again.

I look forward to speaking with you soon and, until then, remain .

Sincerely yours,

James Mawson, A.I.A.
